

PG DrapeFast[®]

Paint Masking System

Finish Fast with American[®] Brand PG DrapeFast[®]

This convenient, time saving paint masking system protects vehicle surfaces from paint overspray and is comprised of heavy-duty film, drape paper and masking tape. The top edge of the masking system is constructed with American[®] Brand PG Masking Tape. This enables the DrapeFast masking material to adhere to the surface that is to be protected from the overspray. The overspray clings well to both the paper and the film so when the product is removed from the vehicle after painting, the overspray will not flake off and damage the new paint job. The film contains electrostatic properties so it sticks well to the vehicle's surface. PG DrapeFast[™] applies rapidly, saving time and labor and is disposed of more easily than traditional masking products.

The American Brand – Better Solutions – That's the American Way!

Innovation is the driving force behind American[®] Brand products from Intertape Polymer Group[™]. American Brand tapes are designed to meet or exceed the unique application needs of the automotive, marine, appliance and aerospace industries.

American products have long been trusted by professionals for their unsurpassed quality and performance. But we don't rely only on our history or reputation. Our engineers continue to research and incorporate the latest breakthroughs in backing and advanced adhesive masking technologies. These improvements are reflected by innovative new product additions, consistent naming criteria and contemporary packaging. Master craftsmen have relied on American for over 50 years. Whatever the application, American Brand provides better solutions – *that's the American Way!*

AMERICAN[®]

An Intertape Polymer Group[™] Brand

PG *DrapeFast*[®]

Paint Masking System

FEATURES

- ▲ Corona-treated, heavy-duty electrostatic virgin film
- ▲ Uses proven **PG Masking Tape** for superior quality
- ▲ Three-layer protection prevents flaking and is bleed-through resistant!
 - Drape paper with coated backing absorbs overspray
 - Durable polysheet film shield
- ▲ Convenient to use, less waste!
Ease of application saves labor time
- ▲ Available in four sizes:
 - 22in. x 76ft. (550mm x 23.2m)
 - 43in. x 76ft. (1100mm x 23.2m)
 - 71in. x 46ft. (1800mm x 14m)
 - 106in. x 46ft. (2700mm x 14m)
- ▲ All four sizes fit in one new dispenser!

American® Tape Products - An Intertape Polymer Group Brand
American products are systems of related items designed around specific applications across a range of task environments. Our customers are professionals, master craftsmen in the automotive, marine, appliance and aerospace industries. We reach our customers through a highly interpersonal network of distributors who rely upon our experience and understanding about each line of trade. Our products evolve subtly and soundly to meet the ever-changing environments in which our customers perform their tasks. We ground our innovations in the vast reach and research of Intertape Polymer Group, our parent company and the high standard by which all our products are evaluated.

Intertape Polymer Group Inc. (IPG) is an acknowledged leader in the packaging industry. Leveraging its advanced manufacturing technologies, extensive research and development capabilities and a comprehensive strategic acquisition program, the company has assembled the broadest and deepest range of products in the industry.

IPG manufactures a broad range of packaging products and systems that reflect the needs of both its industrial and retail customers. These include one of the largest offerings of tape available: pressure-sensitive and water-activated carton-sealing, masking, filament, flatback, cloth duct, double-coated, high performance specialty, electrical, automotive and HVAC tapes. Additional products include shrink film and stretch film as well as carton sealing equipment, ink jet printing systems, labeling systems, engineered coated products and flexible intermediate bulk container (FIBC) industries.

Established in 1981 with headquarters in Montreal, Quebec and Bradenton, Florida, Intertape employs approximately 2,600 employees with operations in 16 locations, including 12 manufacturing facilities in North America and Europe.

Intertape Polymer Group Inc. is a publicly traded company with its common shares listed on the New York Stock Exchange (NYSE) and the Toronto Stock Exchange (TSE) under the stock symbol "ITP."
