

Let's Think Inside the Box.

Securely brace your products during transit and ship clean, professional-looking packages using IPG's new iCushion™ Protective Packaging Inflatable Air Pillow System!

This easy-to-use table top system allows you to quickly produce convenient, cost-effective void fill on-demand. iCushion™ Air Pillows are lightweight, perforated for easy separation and made of non-abrasive poly which will not scratch the surface of your product. They are reusable and recyclable, with disposal requiring a low volume in landfills when deflated.

AP-8000C Inflatable Air Pillow System

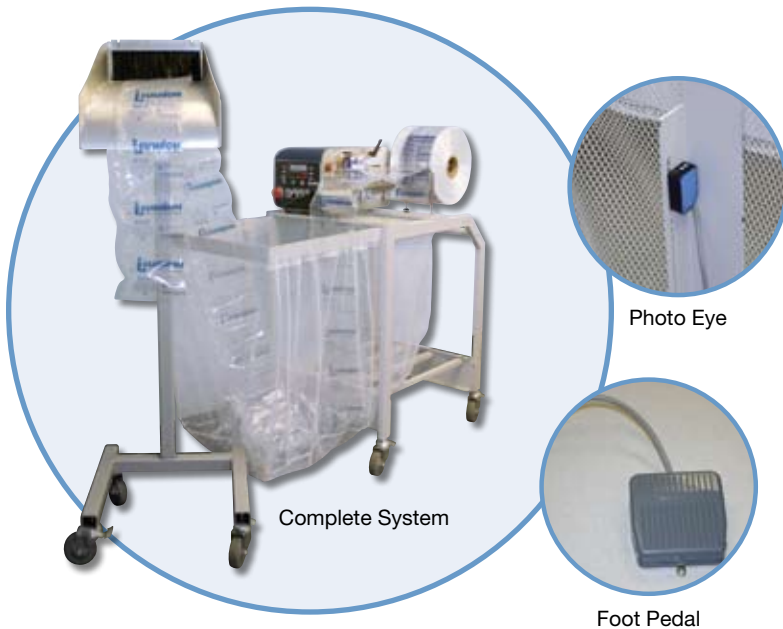

- Industry leading speed of 70 ft/min
- Reliable and lightweight design, self contained unit with handle for ease of mobility
- Ergonomically friendly to load film with ease
- Little to no maintenance required
- No special electrical hookup or air supply required
- Easily adaptable to your packaging station. Standard system includes: Air Pillow machine, cart with mesh storage bin, plastic corrugated transfer bin, transfer stand, on-demand photo eye and foot switch

iCushion™ Air Pillows

- 2900' length rolls engineered to save you money by minimizing roll changeovers and limiting down time, increasing productivity, and using fewer rolls per order – reducing valuable inventory space!
- Six distinct sizes for your packaging needs: 8"x4", 8"x5", 8"x6", 8"x8", 8"x10", 8"x12"
- Soft, transparent film allows your product to be seen while secured
- No messy loose fill to contend with
- Custom printed iCushion pillows available with your corporate logo

Corporate Profile

Intertape Polymer Group Inc. (IPG) is an acknowledged leader in the packaging industry. Leveraging its advanced manufacturing technologies, extensive research and development capabilities and a comprehensive strategic acquisition program, the company believes it has assembled the broadest and deepest range of products in the industry.

IPG is widely recognized for its development and manufacture of specialized polyolefin, plastic and paper-based packaging products, as well as complementary packaging systems for industrial and retail use. Additionally, IPG is a woven and flexible intermediate bulk container (FIBC) manufacturer. Its performance products, including tapes and cloths, are designed for demanding aerospace, automotive and industrial applications and are sold to a broad range of industrial/specialty distributors, retail stores and large end-users in diverse industries.

Established in 1981 with headquarters in Montreal, Quebec and Sarasota/Bradenton, Florida, IPG employs approximately 2,100 employees with operations in 17 locations, including 13 manufacturing facilities in North America and one in Europe.

Intertape Polymer Group Inc. is a publicly traded company with its common shares listed on the New York Stock Exchange (NYSE) and the Toronto Stock Exchange (TSE) under the stock symbol "ITP."
