

**PRODUCT DATA SHEET**

**Product:** #123 --- Machine Cut Stencil

**Description:** **Medium Tack / Light Blue Liner.** High quality / durable stencil construction coated with an advanced rubber based pressure-sensitive adhesive. Designed for precision die cutting in **Roller** and **Press** machines. Unique rubber formula allows easy cutting with less wear on dies. The specially treated polyester liner maintains design alignment allowing clean plastic die removal. #123 is recommended for single-process shaped carving of marble and granite.

**Nominal Values:**

Adhesive	Medium Tack / Rubber
180° Adhesion to Steel (oz/in of width) PSTC-1	25
Tensile Strength (lbs/in of width) PSTC-31	7
Elongation (% at break) PSTC-31	450
Total Thickness (mils) PSTC-33	48

**Product**

**Application:** For optimum performance, use with #223 or #333 Stencil Fillers.

**Standard**

**Sizes:** 10.5", 12.75", 14.5", 18.75", 25" and 30" x 10 yards

**Also available #123Y** ..... Having a yellow 2.0 mil poly film between the adhesive and rubber layers as an aid in identifying any adhesive residue remaining after exposure to sandblasting.
